

BROOMWOOD PARTNERSHIP

We have got big plans for the redevelopment of our old park

AND WE NEED YOU!

It's an exciting time on Broomwood at the moment with lots of local Young people and the **Broomwood Partnership** looking at what can be done to get our old park back in action. In case you're wondering where it is, it's the land at the side of the Broomwood Centre and the A.T.C building that runs parallel to the boundary of the School.

Nine of our children & young people have already been on a residential course where they learnt how to design and plan parks, how to use the land to its best advantage and how best they can influence what happens. After all, it's the kids that will be using it the most!

Most importantly, we all agreed right from the start that any plans for the development of the park must take into account the needs of residents whose houses backed on to the park. In particular, their security must not be compromised but rather enhanced by any changes and their views and opinions must be solicited and be respected throughout the whole process. This is because we recognise that the park must be a real asset for all residents.

John Lewis

The good news is that, even though this is going to take some time to complete the changes, the work has already begun.

G-Force, Trafford Council workers, some of Broomwood's own young people, as well as a very large number of volunteers from John Lewis, have already cut back the overgrown bushes around the old football pitch, repaired the fence and installed a tennis court. They also repainted all the play equipment as well. It's looking really good

Don't forget we are at the start of the process so if your interested in getting involved why not come along to our next Park meeting on 4th November at 3pm at the new Broomwood Centre. **This is your chance to make a difference for your kids.**

Game, set, and match for Broomwood

The new graffiti wall

Repairing the fence

Finally, we feel that it is most important that everyone can get to know what is being discussed and decided about our park so we have decided to publish all the minutes of our meetings on the Broomwoodvoice website for you to look at.
